In the simple tomato we will trust

And it's true.

There's no pretense about our meals. Simply great food and plenty of it. And we think the flavors will stay with you long after you leave the table.

Here you're family. We honor each guest by customizing our meals for you, based on your likes and dislikes.

We delight in serving you.

Welcome to Clemenza's

An Italian American Cafe

Our Italian meals, based on whole foods and the essential spectrum of flavor unique to the immigrant experience, will transport you to a simpler time and place where meal sharing was not only an experience for the palate, but a community experience for the soul as well.

**"There's no pretense about our meals.
Simply great food and plenty of it."**
